

## **Atlanta Farm-Direct Buying Guidelines**

**Honeywood Farms** is thrilled you will be participating in the Local Food Movement by joining in our Atlanta Direct Buying Club this season! By choosing to buy directly from our farm you have made a conscious decision to eat healthy, seasonally and sustainably. We believe knowing where your food comes from and the practices that are used to produce that food is imperative for citizens in today's world. Industrial based food is becoming more and more processed everyday and is often contaminated with toxic herbicides, pesticides, chemical preservatives, GMO's and antibiotics, not to mention various unnatural growth hormones. The majority of industrial meat sources have been inhumanely raised in confinement feed operations (CAFO's), facilities that are detrimental to both the health of the animals and the environment. At Honeywood we don't use any of that stuff! We pride ourselves on bringing you and your family nutrient rich whole food, free of chemicals and toxins. We treat our animals with respect, and we raise them in their natural habitat, on open sunny pastures and gladed woodlands. We produce food designed to nourish your mind, body and soul.

### **How this Works:**

**Ordering:** To place an order simply go on to the Honeywood website ([www.honeywoodfarms.com](http://www.honeywoodfarms.com)) where you will be directed to the Order Form from the BUY tab on the HOME page. You will have to create a username and password to be able to access the form to purchase. The deadline to place orders will be at 12 **PM NOON** 2 days prior to the delivery date. You will receive regular emails announcing delivery dates and we will send out order reminders a day or two before the deadline.

**Delivery:** Honeywood Farms will deliver to designated drop off locations on announced delivery days. The first delivery this year is **June 26th** with the last delivery in **November**. You have the option of picking up your order at designated drop off locations, OR have your order delivered directly to your door for a \$15 surcharge.

Thanks again for your support. We are excited to be your Farmer this year!!!!

**The Honeywood Team**
